Dear Lori,

On behalf of the SickKids Leaders Program and ICRF, thank you for supporting *Evan's Dream, Funky Black & White Masquerade* with your generous donation.

We are extremely pleased by the fundraising efforts of *Evan's Dream, Funky Black & White Masquerade* and the incredible support The Hospital for Sick Children and ICRF has received as a result of this event. The reality is, however, that without friends and supporters like you, the function would have never reached such an outstanding level of success!

The support the Hospital for Sick Children and ICRF receive from our community is integral to achieving the world-leadership role to which we both aspire. Thanks to philanthropically inclined individuals and companies like you, who understand the importance of making our children's health a priority, SickKids and ICRF have the tools and resources we need to conduct ground-breaking health research, to educate the scientists and healthcare leaders of tomorrow, and to provide our patients with the absolute best care the world has to offer.

Thank you for believing in the transformational power of philanthropy and for believing in the work of our researchers and Hospital. Because you believe, countless sick children will not only feel better – they will be better, too.

Sincerely,
